

The City of White Plains Recreation and Parks Department

Plainsmen Hockey Program

The City of White Plains Recreation and Parks Department Plainsmen Hockey program is a competitive travel hockey program. Each travel team competes in the Hudson Valley Hockey League.

Besides home scheduled games each team will travel to various other ice rinks in the tri state area to compete in both league and non-league games.

Tryouts:

Tryouts are open to resident as well as non residents. Players are selected based upon their Hockey skills and ability . We are required to enter our first team as an "A" Division team in the Hudson Valley Hockey League. If we are able to field a second team they will compete in the "B" Division of the Hudson Valley Hockey League.

Playing time:

As a competitive travel hockey program, playing time is determined by league and tournament game situations. During a league game or tournament, the coach may shorten the bench limiting some players ice time. Every effort will be made throughout the season to have all players get the maximum amount of time on the ice.
